Western Actor Plays Two Roles in Series

The hardest working actor in television today is a lean, rugged six-footer named Charles Bateman. He works TWICE as hard as anyone else in the business.

CHARLES BATEMAN

Why? Because he plays TWO roles! Chuck is cast as twin brothers—Rick and Dr. Ben January—in the new western series, "Two Faces West," seen every Friday at 8 p.m. on KTTV, Channel Eleven.

Her's the problem: In his dual role as the brothers January, Chuck constantly has to change costumes, identity and mannerisms.

"Changing clothes keeps me busy enough," he says. "I have to make twice as many changes as anyone else. But then, every time I step before the cameras, I have to remember which twin I'm playing."

Rick is a swaggering, fun-loving cowboy equally fast with his fists and his gun, while Dr. Ben is a cultured, eastern-educated doctor. Each brother has a different way of speaking and completely different mannerisms.

An if you think this is confusing to Bateman, think how baffling it is to June Blair, curvaceous and lovely leading lady of the series who is admired mutually by both brothers.

Ben January is tender and politely affectionate, while Rick is the type of lover to whom the problem of wooing a lady is not unlike the job of lassoing a stray calf!

But, since he works TWICE as hard as anyone else, doesn't he EARN twice as much? "That doesn't necessarily follow," says Chuck, "but there ARE some compensations—such as twice as many love scenes!"

McKEEVER INTERVIEW ON KTTV

Mike McKeever, All-American lineman from the University of Southern California who was forced on the sidelines recently with a brain operation, will be a guest on KTTV's "Trojan Huddle" this afternoon at 4-4:30 p.m.

The interview will be taped by Lee Giroux at the gridder's home Saturday and re-broadcast today.

It is expected that McKeever will discuss his operation, his possibility of playing football again, and his upcoming double wedding ceremony on December 3rd with brother Marlin and their wives to be.

CONSERVATIVE WING

In 1835 the conservative which faced defeat on a proposal turned out the lights in Tammany Hall and walked out. The radicals used the new phosphorus friction matches, called "loco-focos," to rekindle the lights and were promptly dubbed Loco-Focos.

Down in Virginia in the 1880's, dissatisfied Democrats and Negroes formed the Readjuster party. Their candidates for governor and the two U.S. senate seats were elected—and then declared themselves Republicans.

Wayne in Wagon Train

Discerning viewers will recognize the familiar face of John Wayne during the brief appearance of General Sherman in "Wagon Train's" "Colter Craven Story" on Channel 4 Wednesday, Nov. 23. Wayne, who appears under the assumed name of Michael Morris, worked in the episode to be with his two friends, director John Ford and the late Ward Bond. The episode marked the final get-together for the famed triumvirate.

TREE ROSE CARE

Tree roses need a check to see that stakes are sturdy and that the single trunk is well tied to the stake. Likewise, canes of climbing roses should be secured to fence or trellis.
